

JINGRAIL - AI GOVERNANCE PILOT ZONE

Governance as a public experience on the Jingzhang Railway Heritage Park green belt (concept)

Official scopes (announcement text)

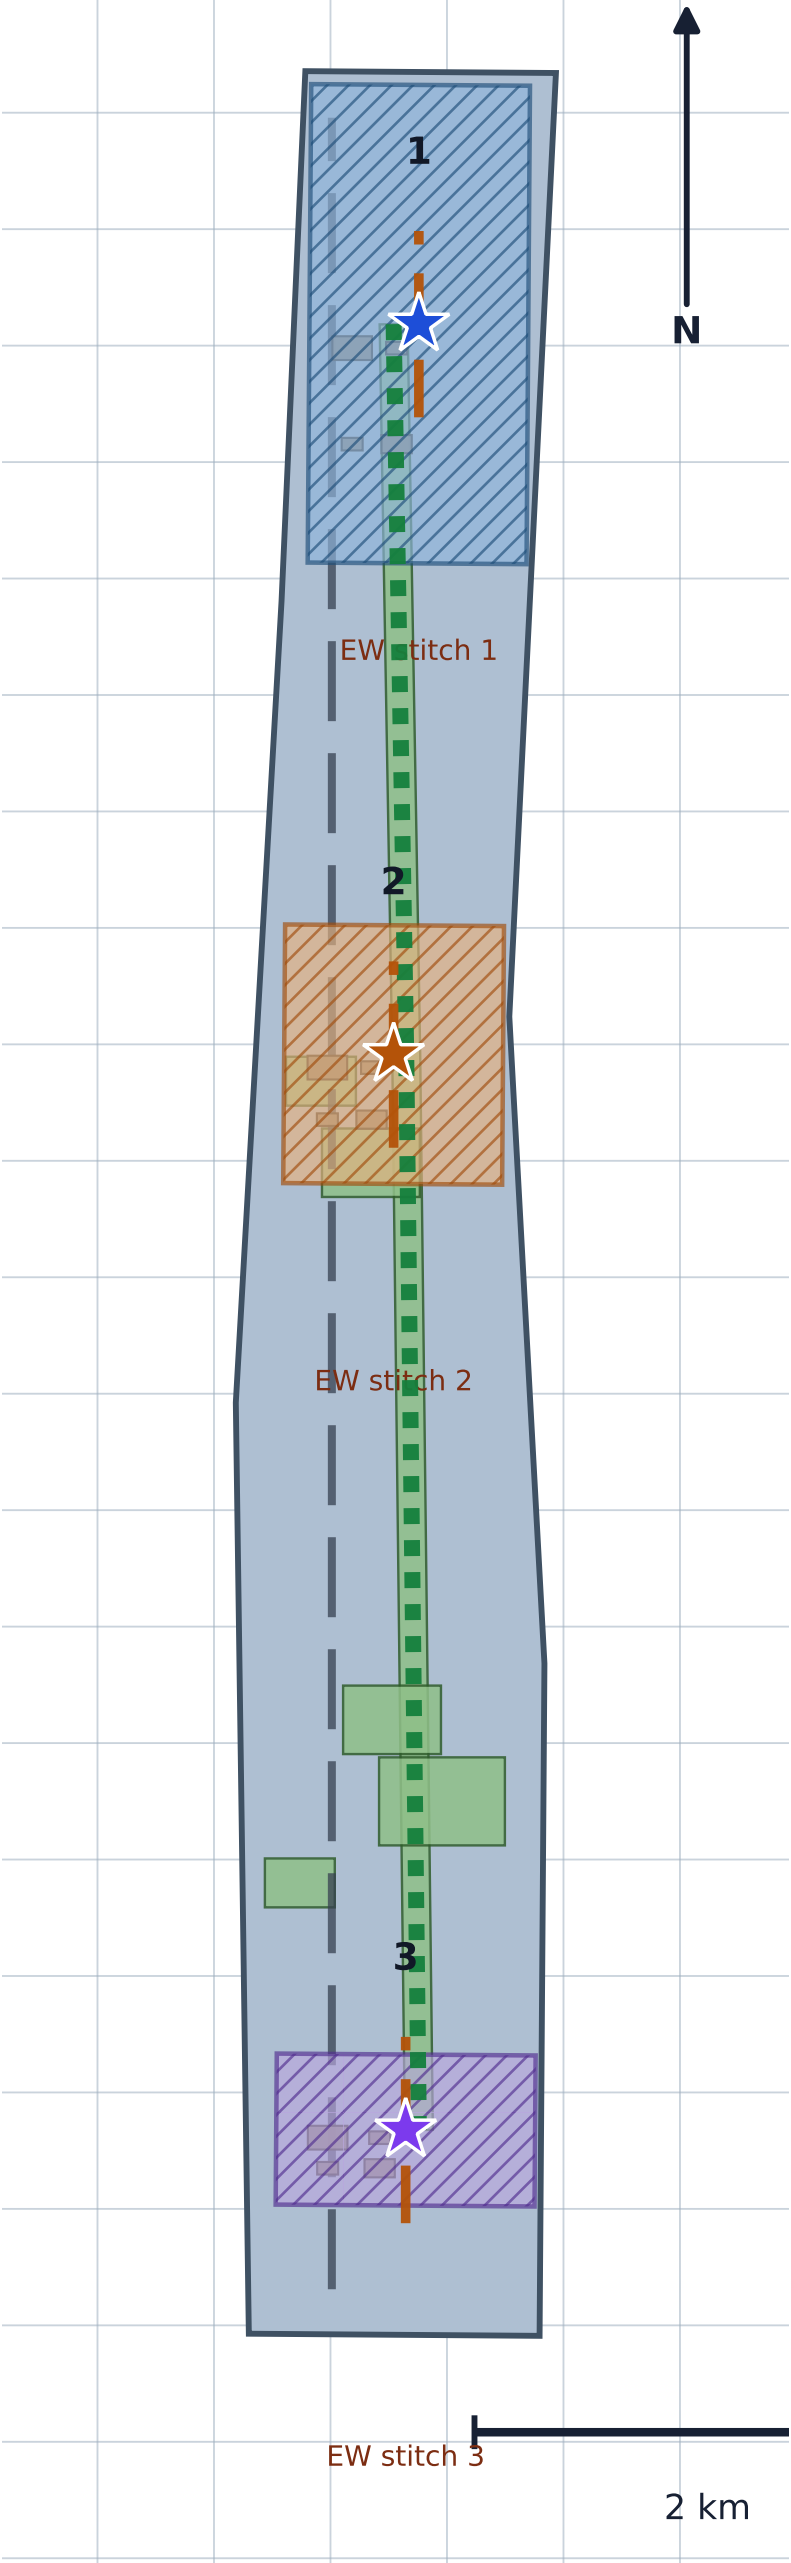

~43.6 km² Coordinated research scope

~11.4 km² Overall design scope

~368.4 ha Key areas - 3 zones + 2 wings

Three nodes + six AI+ governance scenarios; stages 1-3 / 3-5 / 5-10 yrs

Key areas & nodes (concept); true-aspect belt 9.7km x 1.4km

Node and zone system (concept)

1 Turnout Lab / Governance Lab

north: Zhongzhiyuan interface

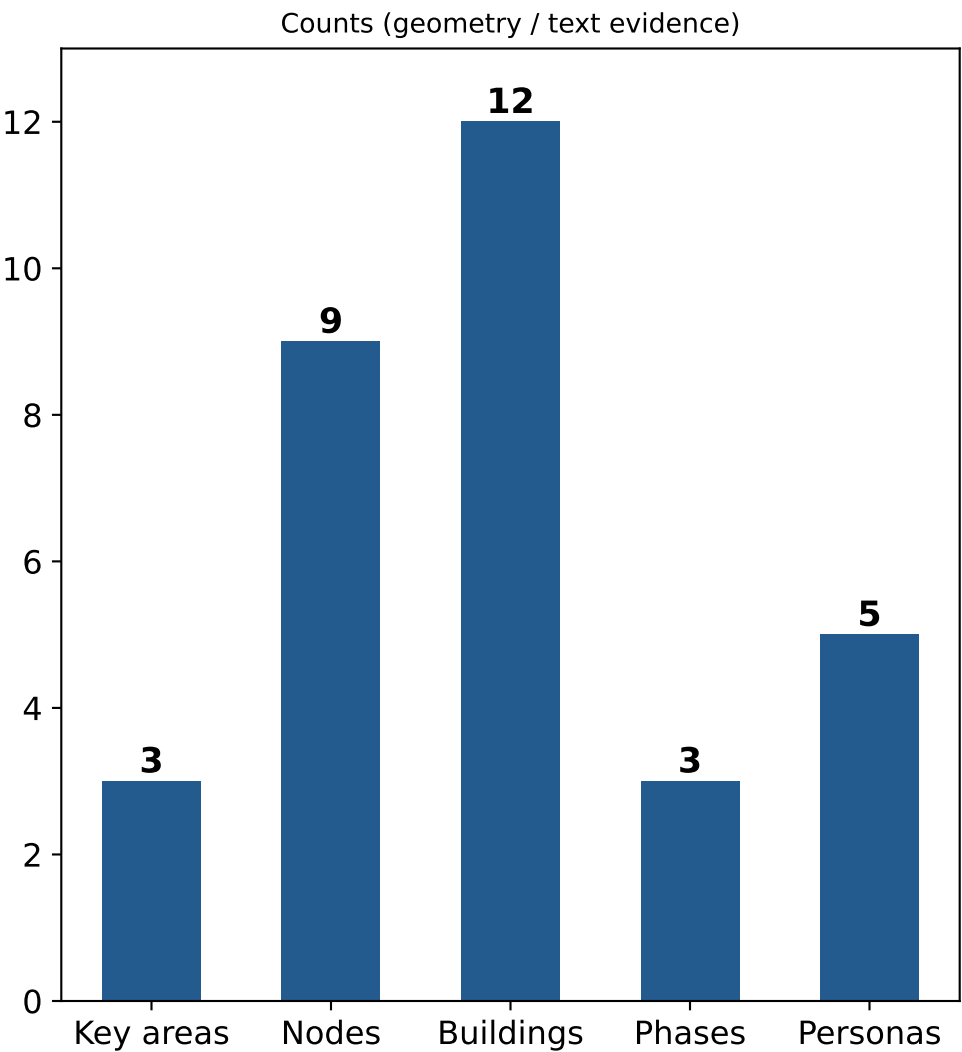

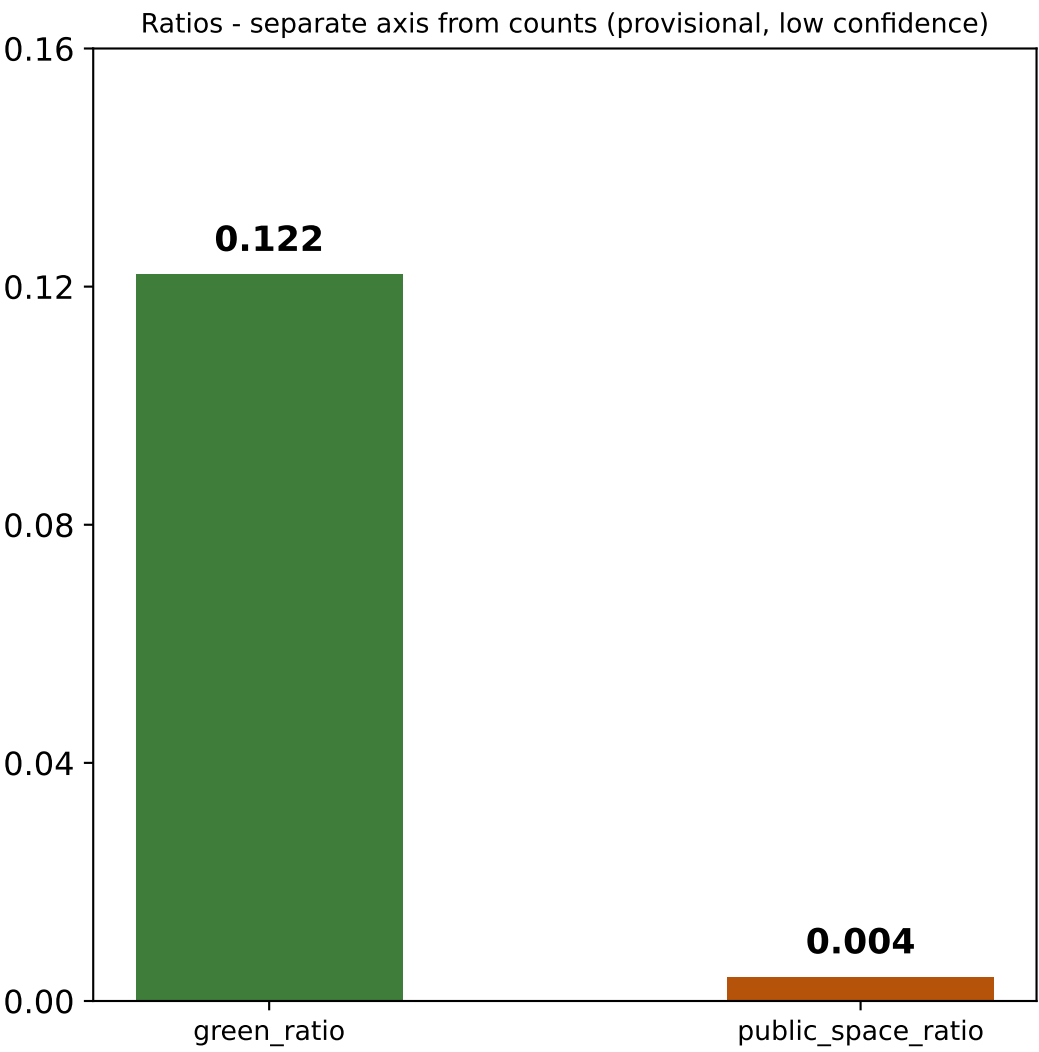

2 Signal Tower / Audit Tower

mid: software-park direction

3 Waymark Walk / Marker Trail

south: belt walking section

Zones: Zhongzhiyuan ~192 ha | Origin ~104 ha | Dazhongsi ~72 ha
Wings: Zhongguancun sci-tech service, XiaoYue River scenario-enabling

Staged implementation (concept rhythm; near 1-3 / mid 3-5 / far 5-10 years)
