

SND • JZ Soundscape Loop: Jing-Zhang Soundscape Memory & Acoustic Environment Design (Concept)

Fig.1 Overall design overview: one hall, one path, one belt, three nodes (provisional)

Overall Design Overview: One Hall, One Path, One Belt, Three Nodes (provisional)

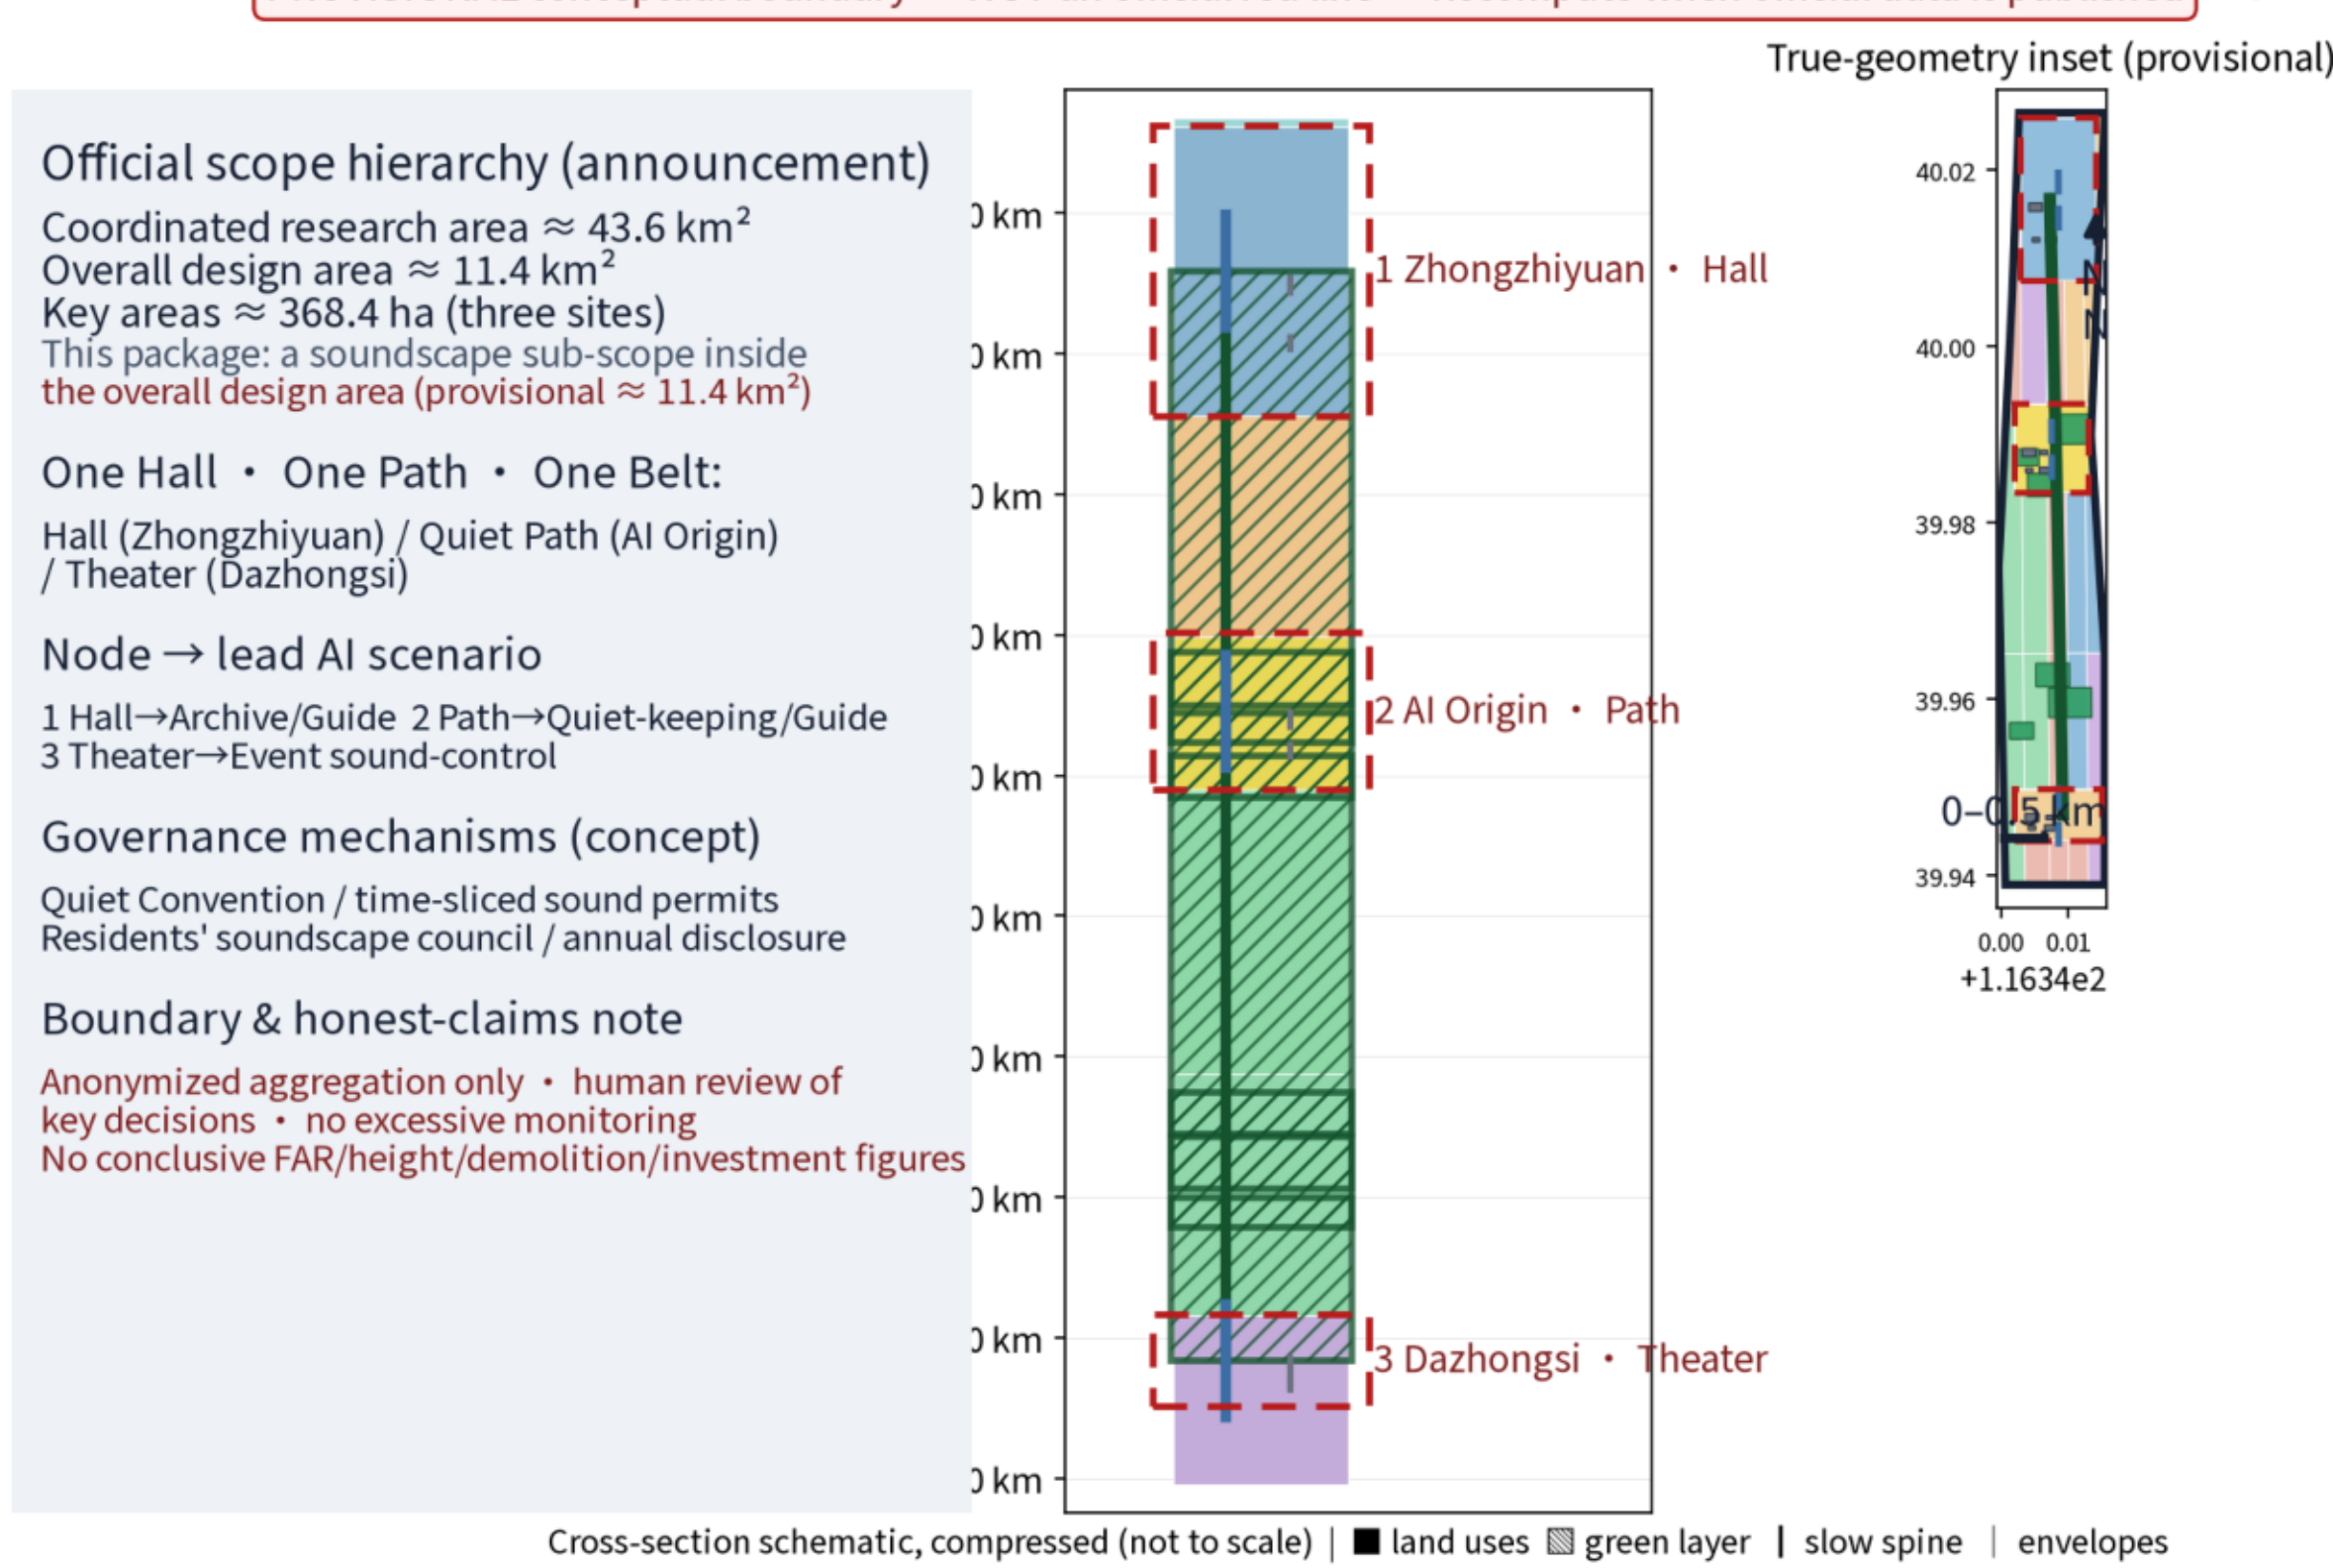

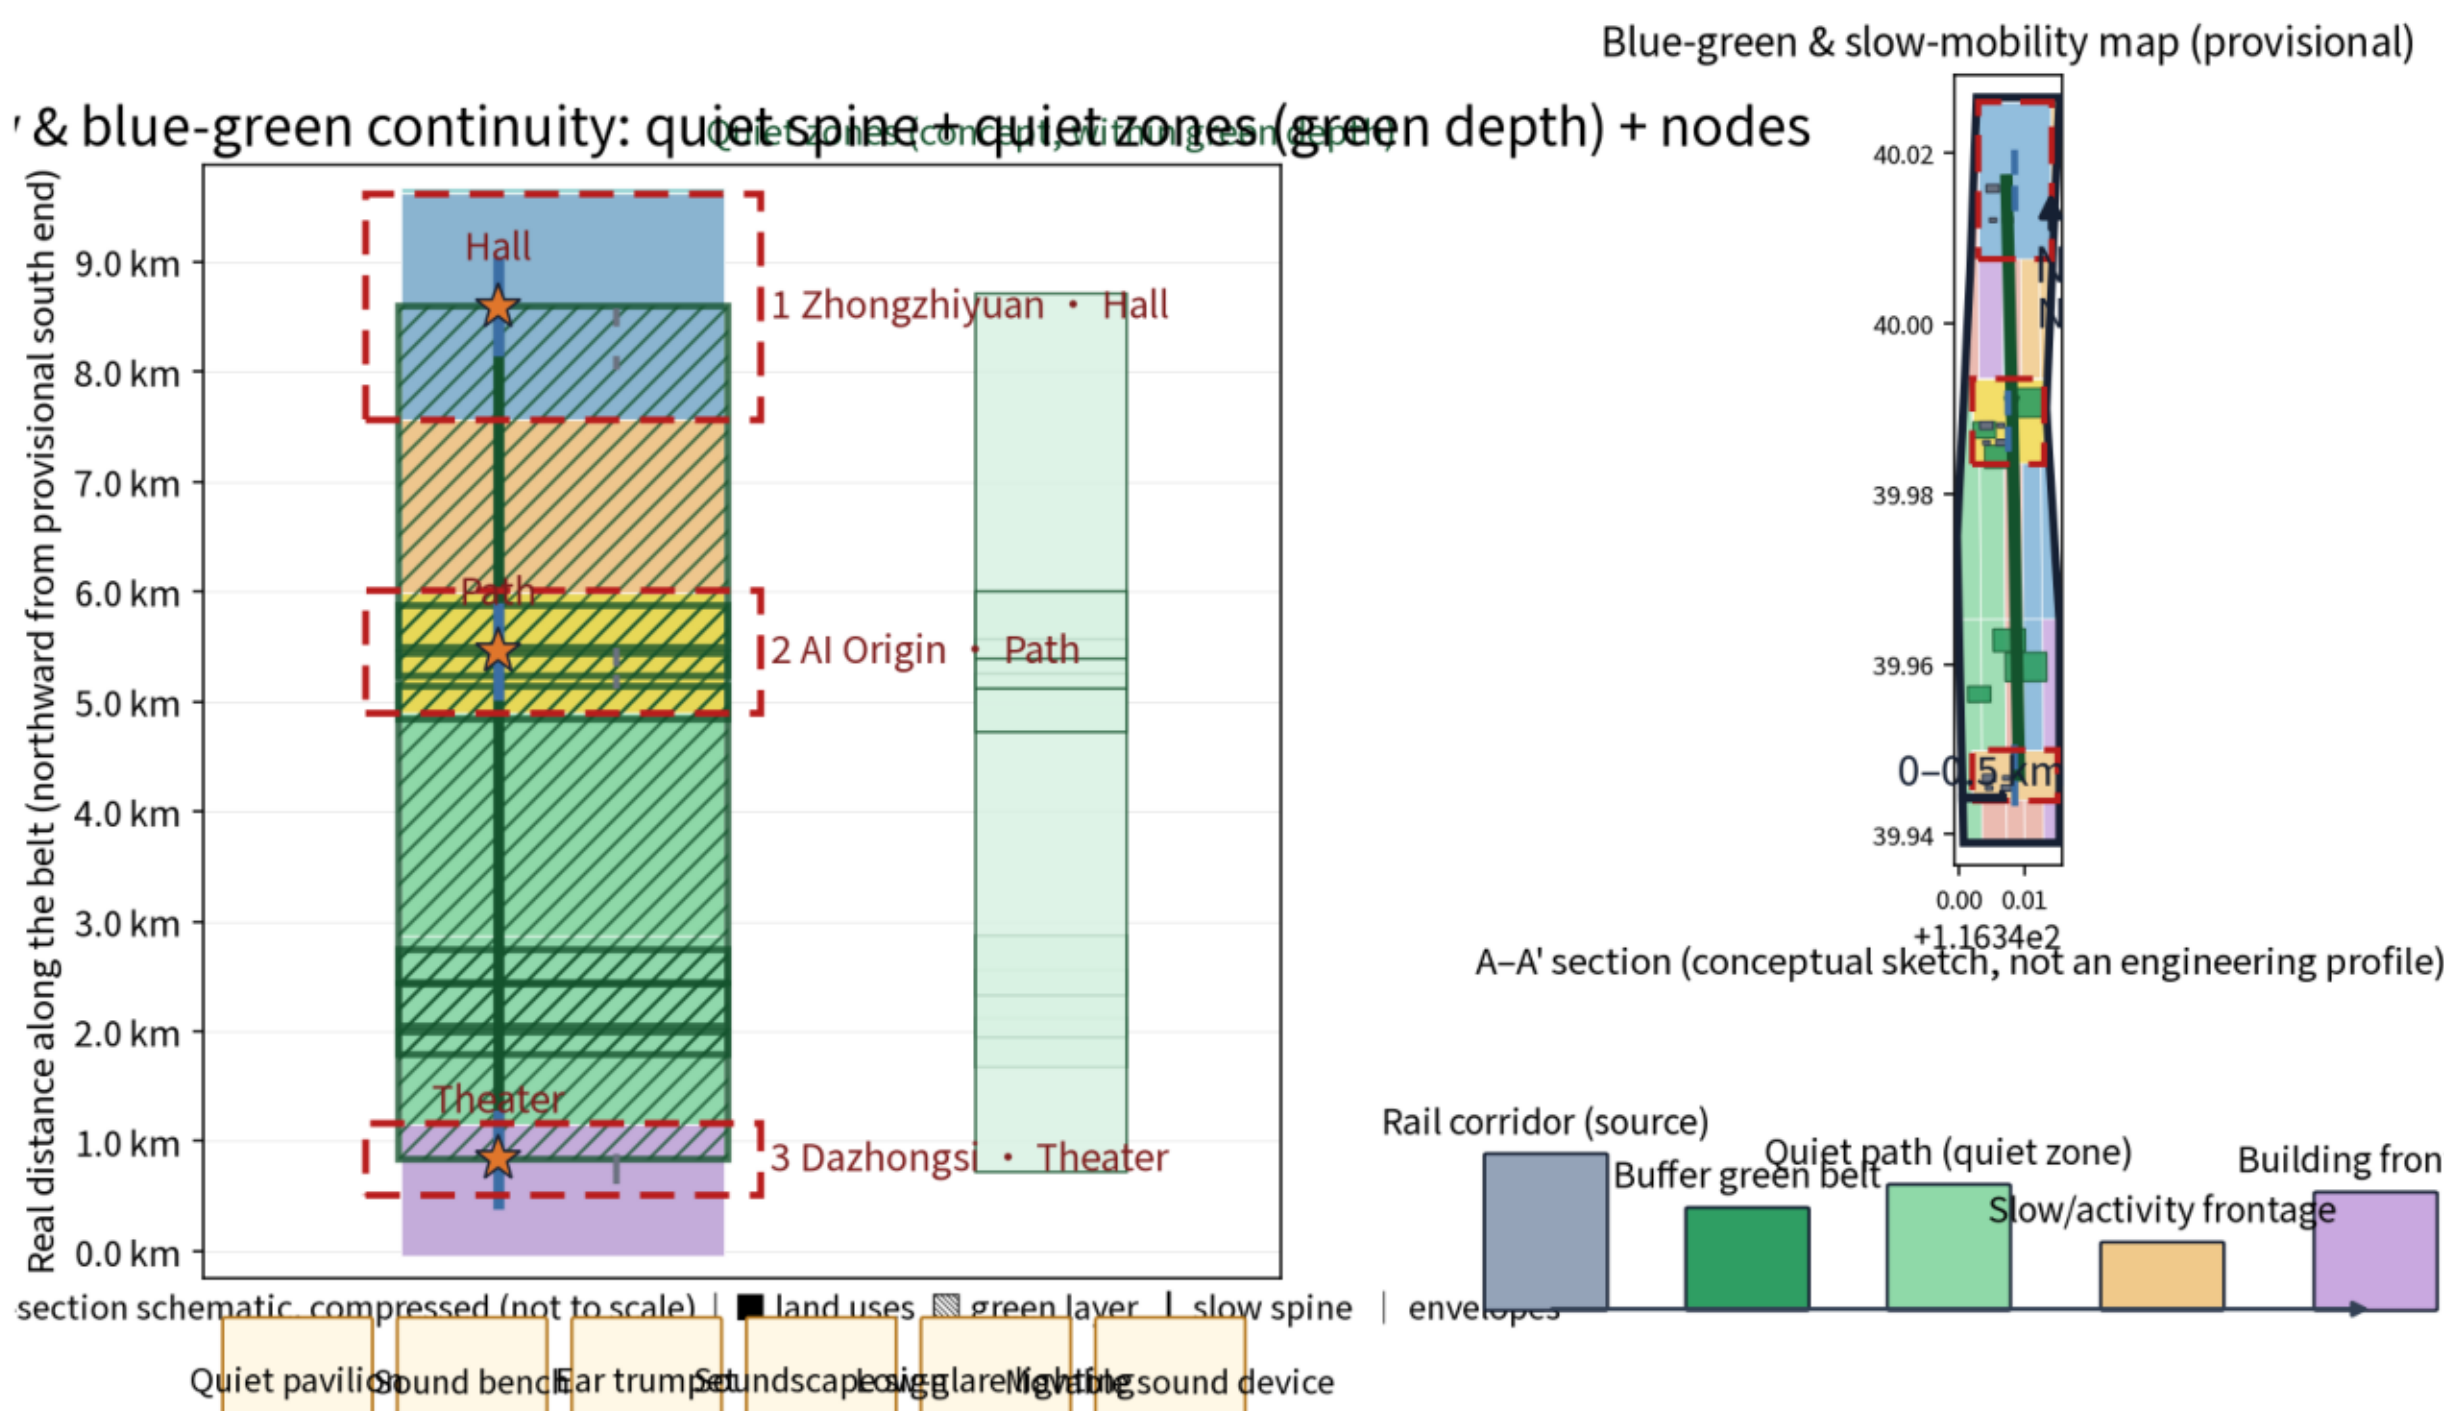

Fig.4 Slow-mobility & blue-green continuity: quiet spine, quiet zones, component library (concept)

Blue-Green Continuity: Quiet Spine & Quiet Zones (green depth) + nodes (provisional)

Centennial Jing-Zhang AI Innovation Belt • One Hall, One Path, One Belt • PROVISIONAL boundary • not an official red line • recompute after official data

PROVISIONAL boundary • not an official red line • recompute when official data is published

Fig.2 Key areas detail: three node zooms and component layouts (concept)

Key Areas Detail: Three Node Zooms and Component Layouts (provisional concept)

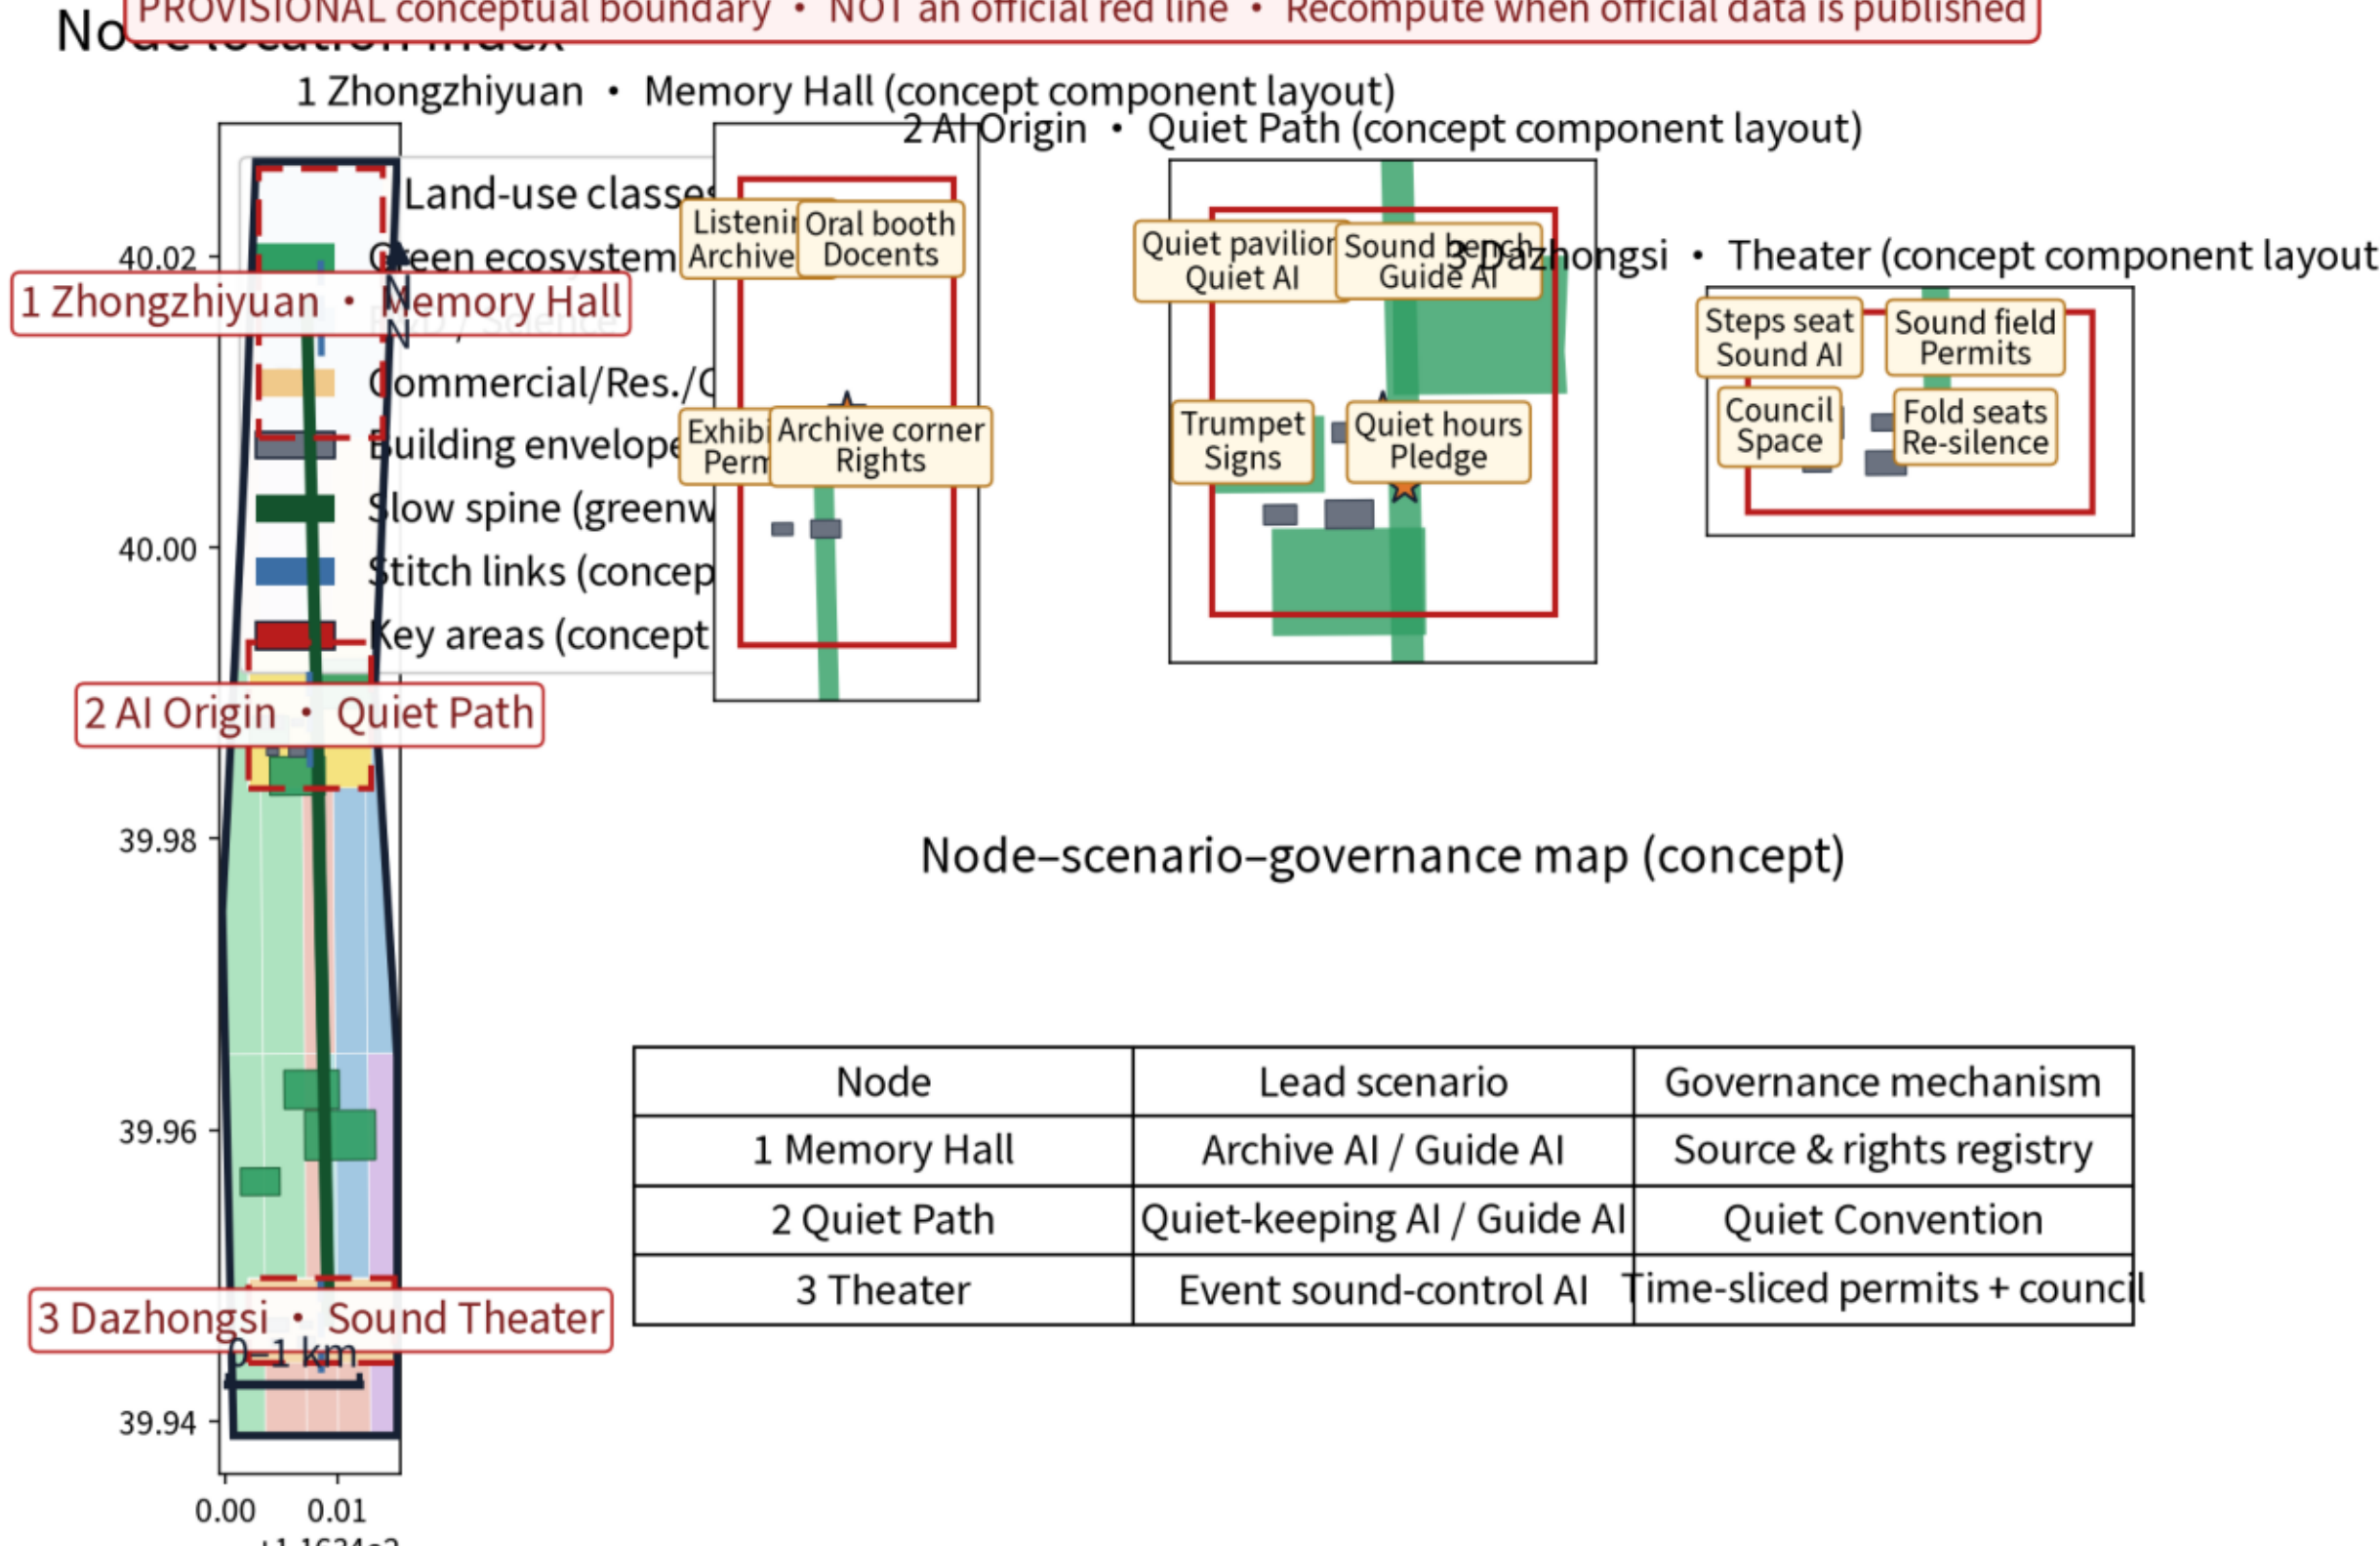

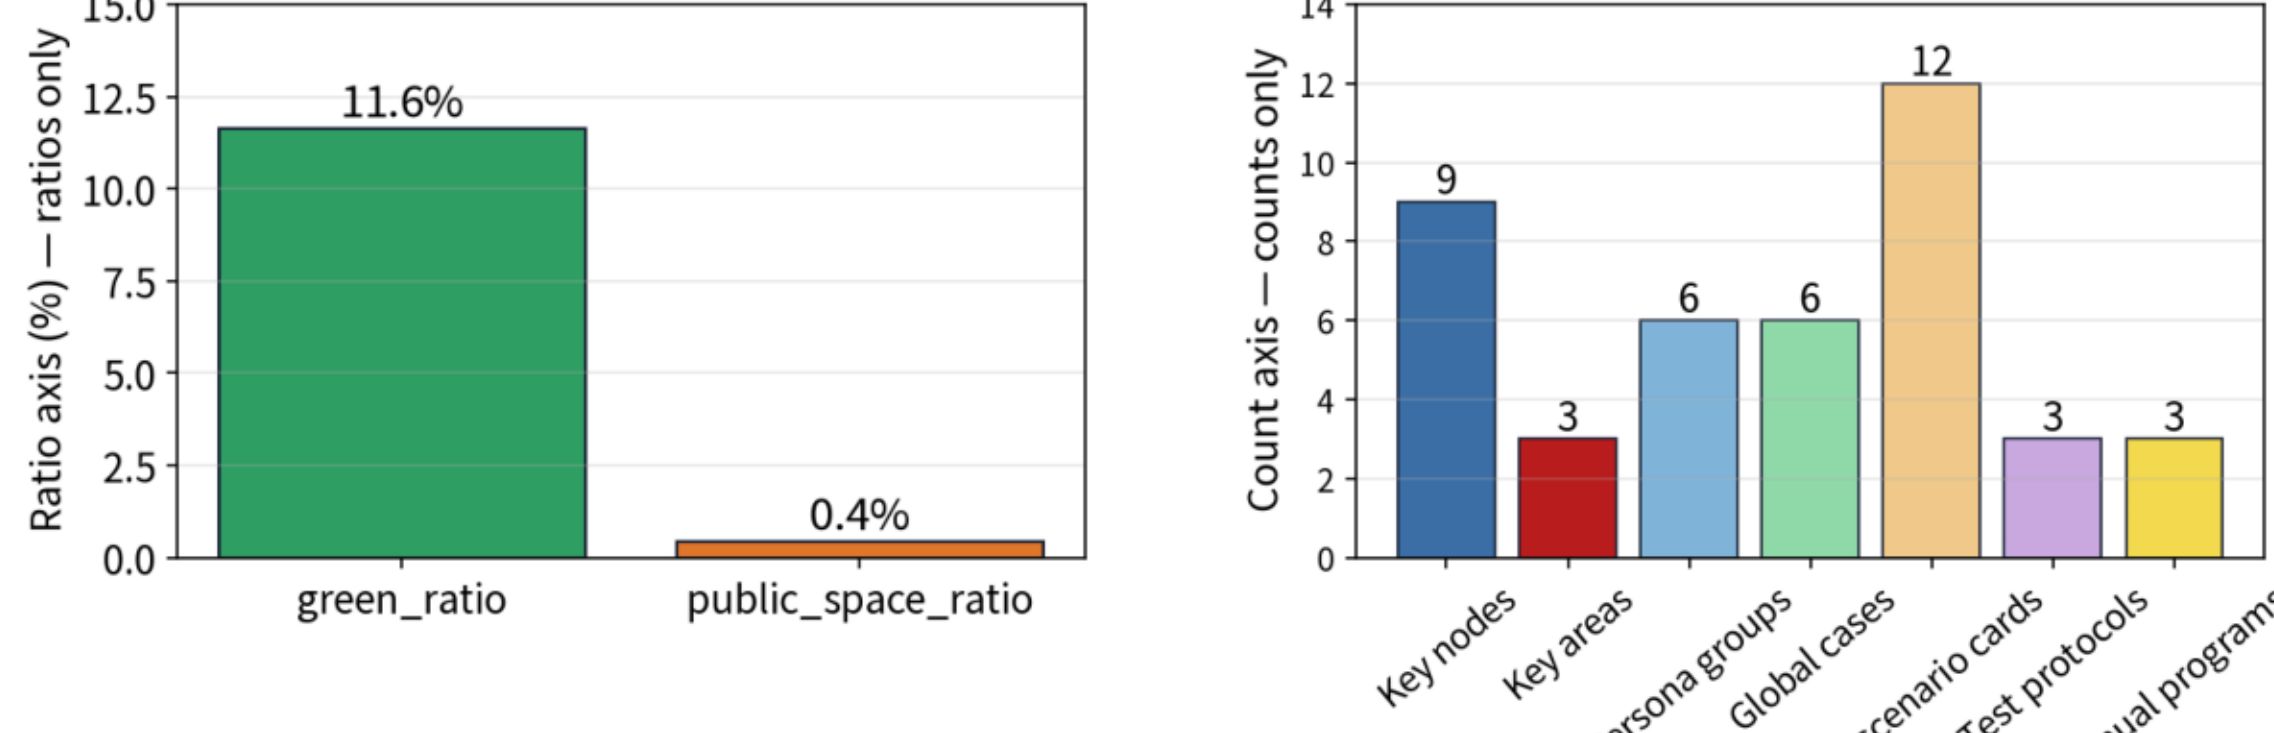

Fig.5 Core metric evidence: ratios and counts on separate axes; formula, confidence, recompute trigger

Metrics Area Recalculation & Compliance: Core Metric Evidence (provisional)

Formal core ratio metrics (provisional recomputed) | Count indicators, counts (consistent with text/matrices)

Formal core metrics: source—formula—confidence—use limits—recompute trigger (participant provisional model data, not a

Metric	Formula (EPSG:4548)	Confidence	Recompute trigger
site_area_sqm	area of provisional site b	medium	replace geometry when official bound
green_ratio	$\frac{\text{union}(\text{green_space})}{\text{site_area_sqm}}$	low	when official green-space data publish
public_space_ratio	$\frac{\text{union}(\text{public_space})}{\text{site_area_sqm}}$	low	when official public-space data publish

Fig.3 Conceptual land structure: single land-use caliber (% of provisional total area)

Land Use Building Scale & 3R Strategy: Conceptual Land Structure (provisional)

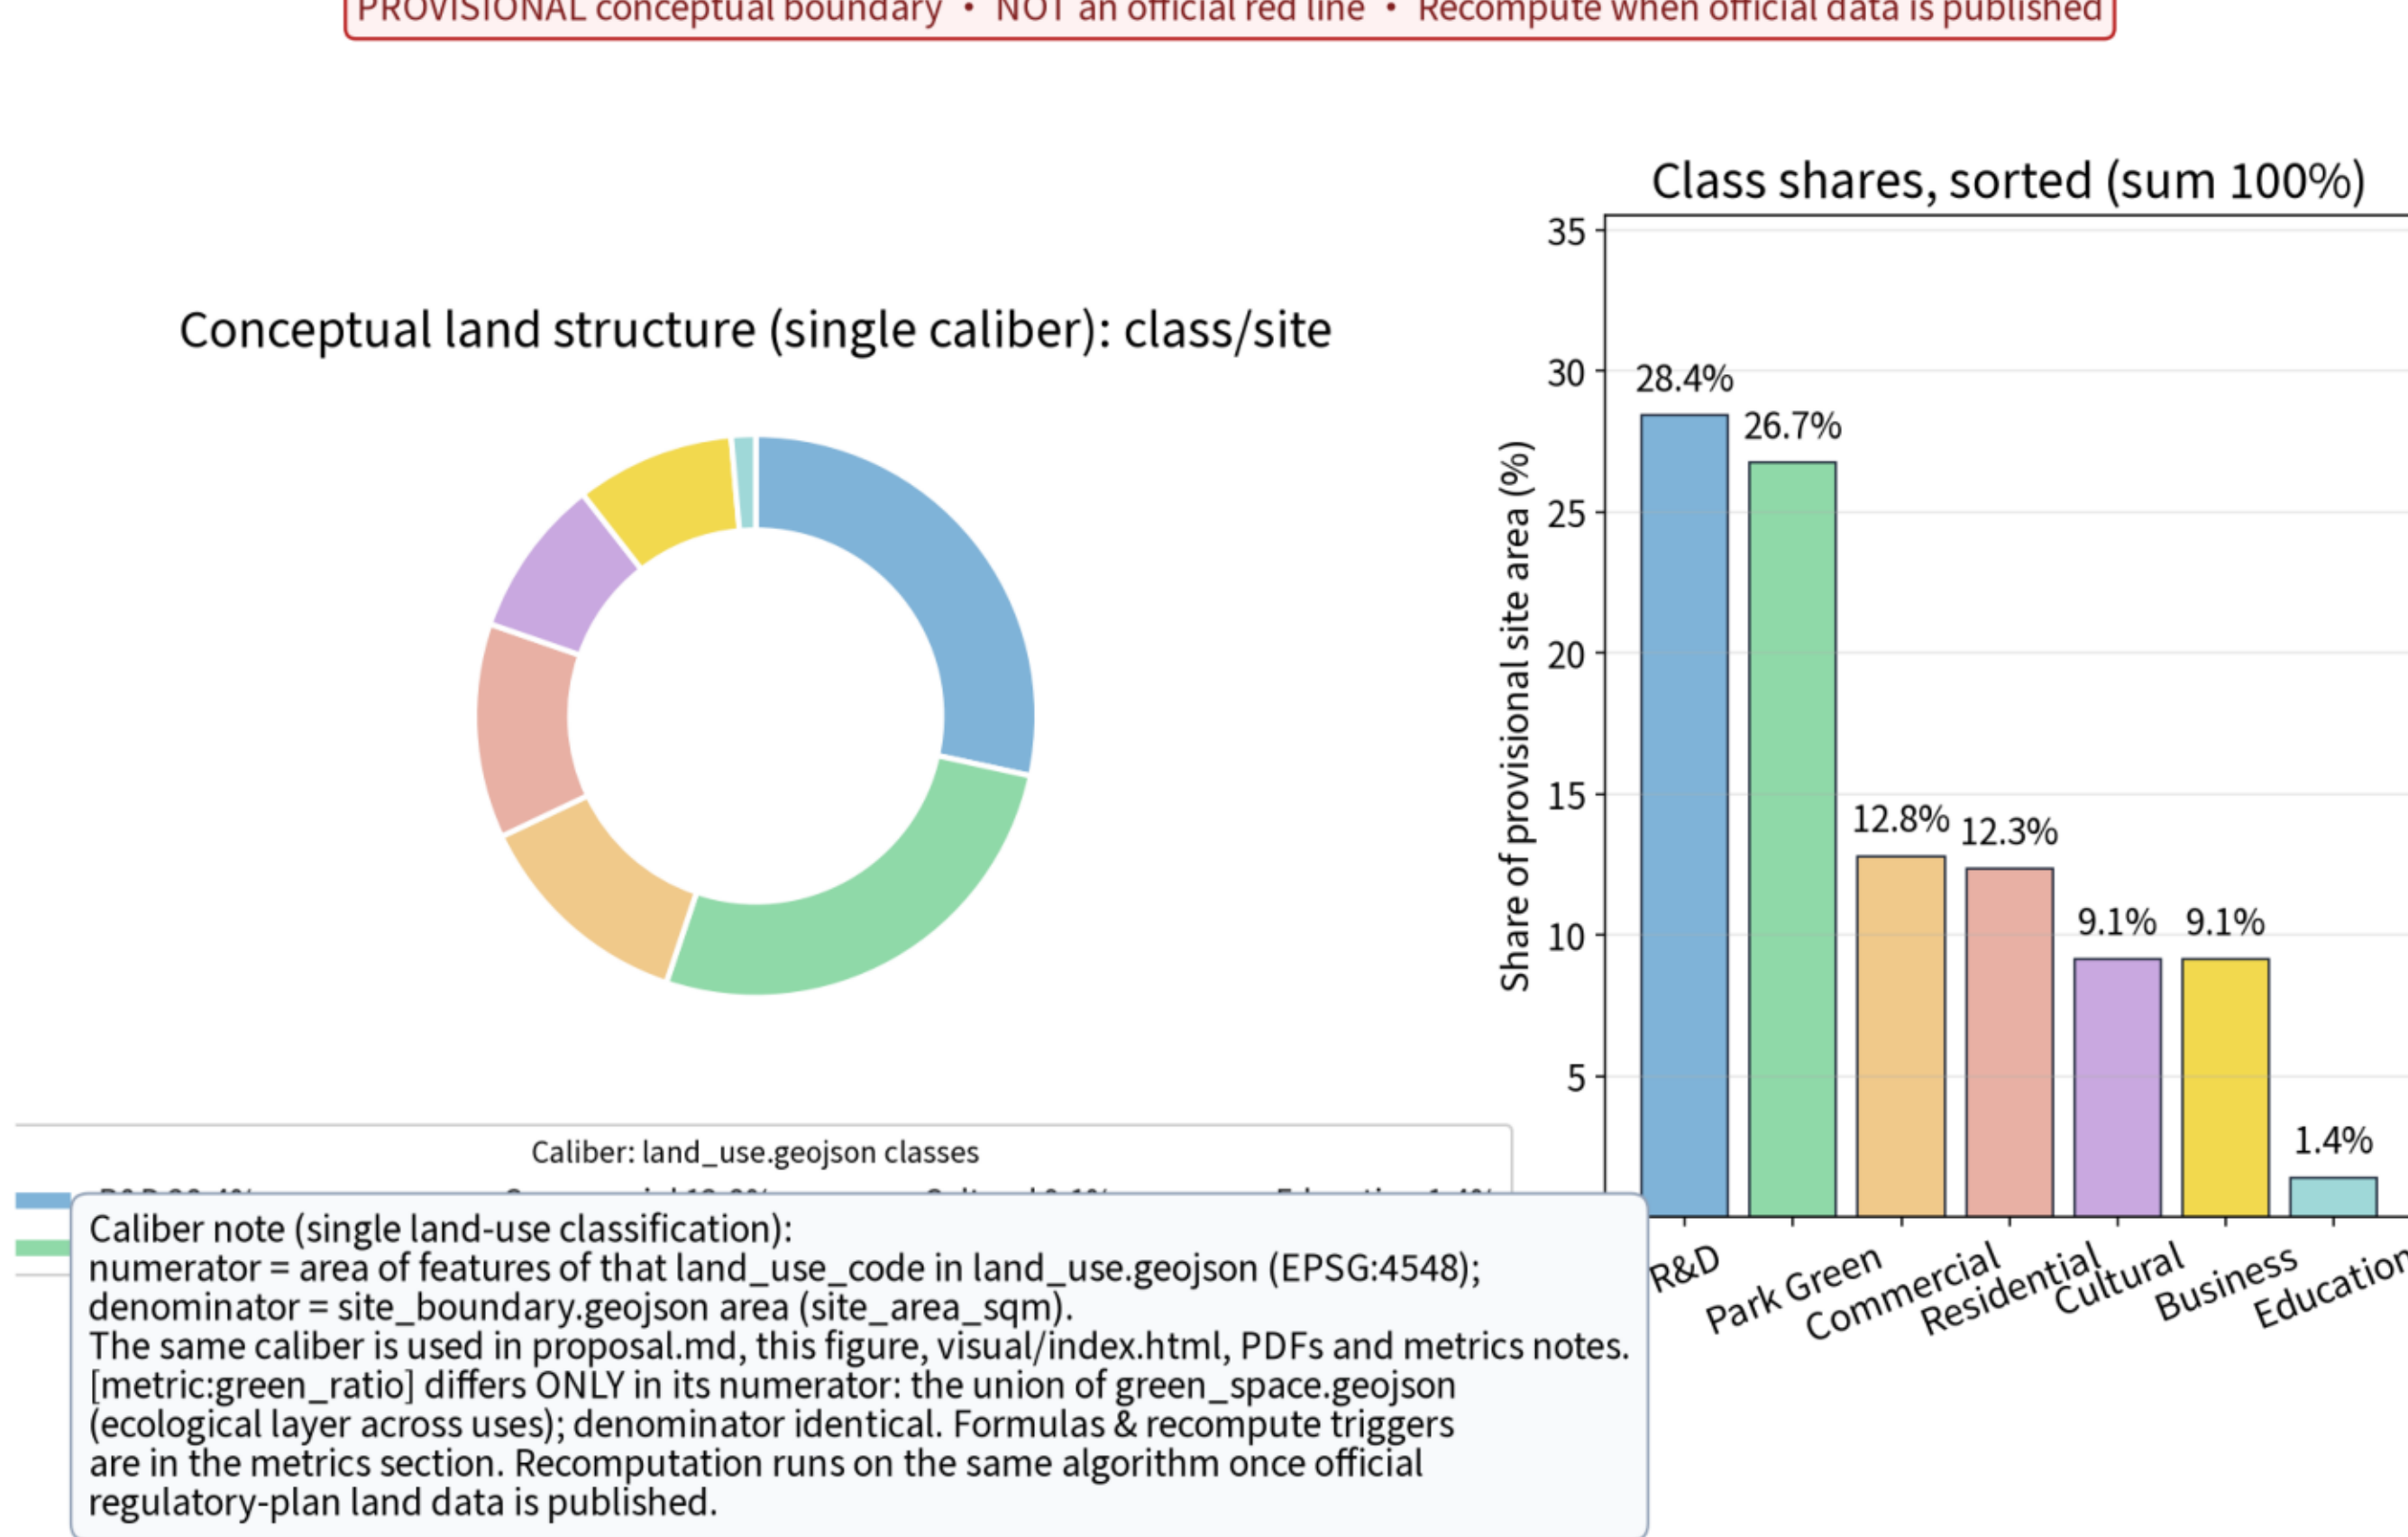

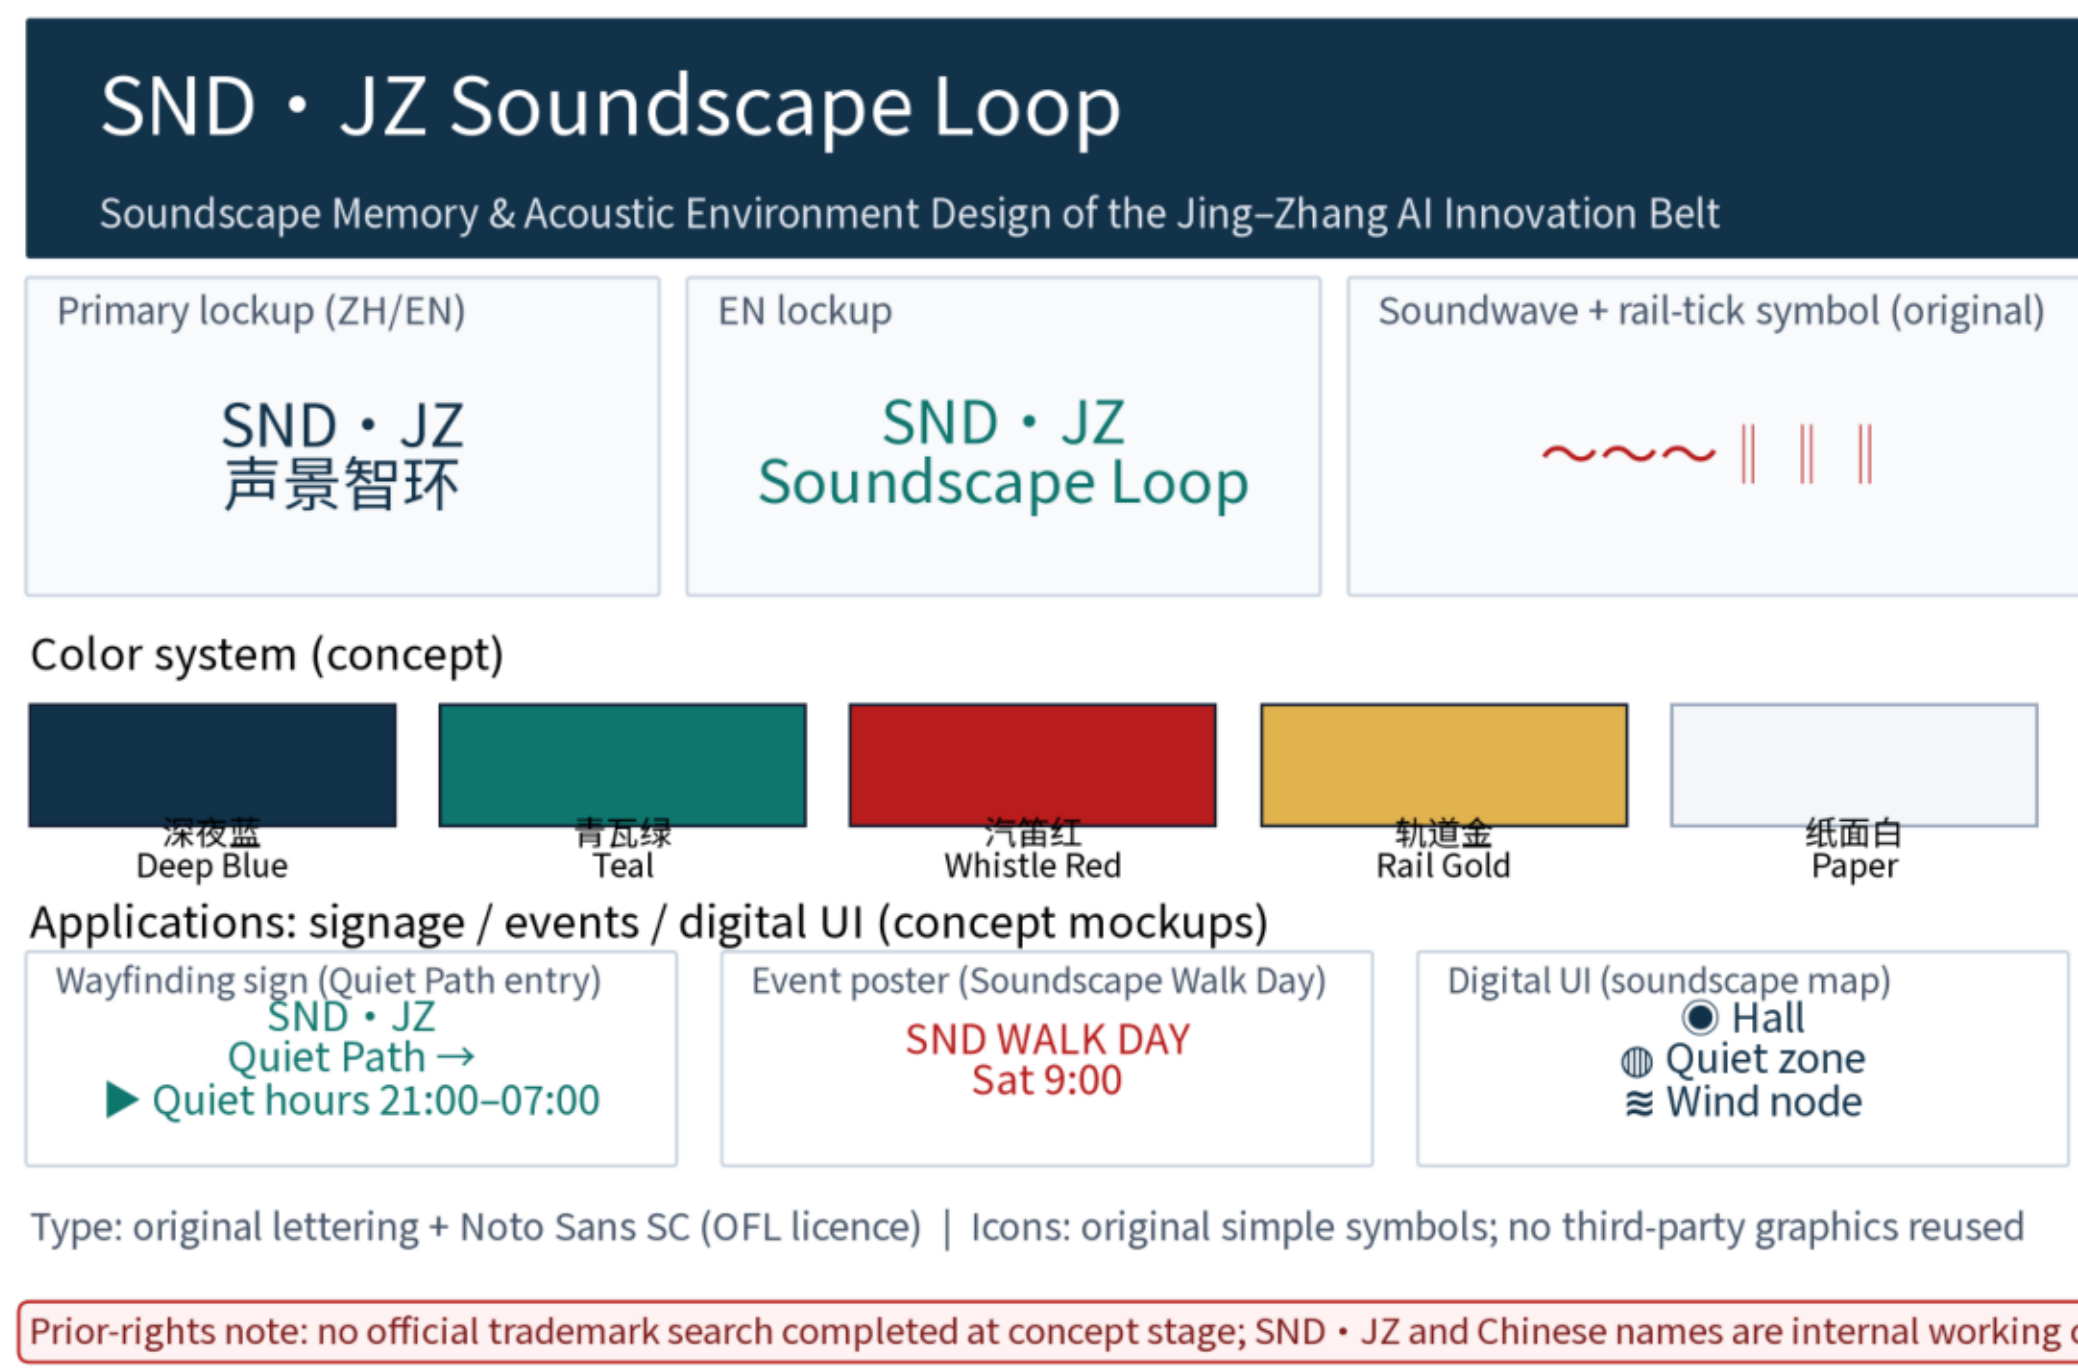

Fig.6 SND • JZ brand & logo application board (concept; internal working codename)

SND • JZ Soundscape Loop — Brand & Logo Application Board (concept)

Implementation & Governance Mechanisms (concept)

Scope (announcement caliber): coordinated study $\approx 43.6 \text{ km}^2$ • overall design $\approx 11.4 \text{ km}^2$ • key areas $\approx 368.4 \text{ ha}$ total; this package is the soundscape sub-concept within the overall design scope.

Lean RACI: sub-district / park leads (R) • professional team approves (A) • universities & enterprises consult (C) • Residents' Soundscape Council informed (I).

Mechanism concepts: Quiet Convention • time-sliced soundscape permits • Residents' Soundscape Council • Annual Acoustic Disclosure • co-creation points • honor wall & developer community.

Honesty statement: all content is concept suggestion / reference material, not a substitute for statutory planning; no conclusive FAR, height, demolish/retain, investment or ridership figures; AI limited to anonymized aggregation + human review, no excessive monitoring; SND • JZ is an internal working codename until clearance.
